

Marina and Dock Rules

- 1) The rules of the road, the Navigation Laws of the United States, the laws of the State of Rhode Island, the ordinances of the Town of Barrington, and the rules of the Barrington Yacht Club apply to all vessels in or approaching the marina.
- 2) A boat owner leaving for more than one night shall notify the Manager or Steward of the expected date of return so that the Club may accommodate visiting yachts and have the slip available upon the owner's return.
- 3) It is expected that everyone using the marina will show consideration for the rights and comforts of other members and their guests. Guests and transients are requested not to use or disturb docking lines, hoses, fenders or power lines belonging to the tenant of the slip.
- 4) Noise must be kept to a minimum at all times, including such items as halyards and flags.
- 5) As there is no direct supervision of the marina by the stewards, children and guests of boat owners are allowed in the marina only in the presence of the boat owner.
- 6) Pets are permitted as long as they do not disturb others. Dogs must be leashed at all times.
- 7) Refuse and garbage must not be thrown overboard and must be placed in the containers provided. Gas, oil and oily bilges must not be discharged into the waters.
- 8) Floats are to be kept clean at all times. Storage of loose gear, dinghies, etc. on the floats is prohibited.
- 9) Hoses and electrical lines must not cross piers unless between planking and flush with top of existing planking.
- 10) Laundering and drying of laundry on floats, decks, or rigging is not permitted except for bathing suits and towels.
- 11) The finger piers between slips are for use by boats on both sides. The location of gangplanks, ladders, or steps thereon shall not interfere with the access of the adjacent boat owner. The permission of the Manager will be necessary for the construction or placement of any such gang-planks, ladders, or steps. Any such construction will be made at the boat owner's expense and maintained by the boat owner in good condition.
- 12) The owners of guest boats are subject to the above rules. In addition the owners of guest boats shall:
 - a) Make docking arrangements with the Manager who will assign a slip.
 - b) Move at the Manager's direction if a slip owner returns unexpectedly and leave the marina if no other slip is available.
 - c) Notify the Manager when leaving and settle account in full before doing so.
 - d) Check out by 1:00 PM unless other arrangements have been made with the Manager.

- e) Boats occupying a slip after 1:00 PM will be charged the dockage for an additional night.
- f) Obey rules of the BYC Marina, a copy of which they will receive on docking.
